A message from Hamish Leese, Action for Hope Implementation Officer

As I'm sure you are aware, the Methodist Church is on a journey towards net zero carbon by 2030. This is a really challenging target, which will require action all across the Connexion, but is key to our role in God's mission.

It is important that we learn from the wonderful initiatives, resources and projects going on all across the Connexion, and I would love your help in finding out about what is going on in your area or that you are involved in. We are looking to share good practice; prayer and worship resources; and stories to encourage and equip the Church.

If you have anything you'd like to share I would love to hear from you – you can email me on leeseh@methodistchurch.org.uk. Even if you're not sure whether your story is worth sharing, please do be in touch, and let's have a conversation!

Blessings,

Hamish Leese
